SYSTEMS &
INTEGRATION

Statco -DSI represents over one hundred manufacturers in the food, beverage, dairy and biopharm industries. Whether you need an entire system or to expand an existing line, let us link your good name with the best names in the sanitary processing industry.

STATCO-DSI **STATCO-DSI:** Skidded process and CIP systems, ESL/Aseptic systems, blending and mixing systems, bottle casers, valve manifolds, pump carts, flow panels, hot sets, homogenizer and filler service

AGC: ProFlow Series™ plate heat exchanger, plates, re-gasketing, re-streaming, field leak checks

FRISTAM: Centrifugal, positive, and liquid ring, and multiple-stage high-pressure pumps; shear blending pumps and blending systems

PENTAIR SUDMO: Single seat & aseptic, mix-proof, PMO mix-proof, butterfly and ball valves

TETRA PAK: High pressure pumps, homogenizers, heat exchangers, separators

VNE: Stainless steel fittings, valves and specialty related products

ALFA LAVAL, CONTHERM: Centrifugal and positive displacement pumps, single seat, mixproof, butterfly, ball, plug, air relief, fractional and check valves; fittings, heat exchangers, contherms, flow meters and tank cleaning devices

ANDERSON-NEGELE: Level, temperature, pressure and flow sensors; recorders, controllers, HTST legal instruments, positive displacement, magnetic flow, turbine and mass flow meters

Sanitary centrifugal and positive displacement pumps

High-pressure pumps, homogenizers

Sampling and process monitoring products, including ports, sampling bags, consumables

APV Gaulin

Homogenizers, parts and service

Piston pumps, diaphragm pumps, drum unloading systems

Precision 304 and 316 stainless steel and specialty alloy tubing products

Ultraviolet purification and disinfection systems

Lubricating spray

Sanitary gaskets, hoses and components

Magnetic separation system

Valve and pump rubber component repair

CIP systems, COP tanks, inline strainers, spray balls, cabinet washers, rinse/foam/sanitize units

Automatic stack palletizers, unitizers, container and package equipment, case handling conveyor and equipment, case stackers

Corrugated, scrape and plate heat exchangers; piston pumps

Filters and filter systems

Condensate purification, dry compressed air, clean compressed air, sterile filters

Sanitary and industrial direct steam injection heaters

Progressive cavity pumps

Flow, temperature, level, and pressure measurement

Laufer International: Pigging systems, arc valves

Automated fillers

Diaphragm valves, sanitary components

Product analyzers

Double diaphragm pumps and drum unloading systems

Sanitary and Industrial drum pumps, diaphragm pumps

Bottle filling and capping systems

Sanitary progressive cavity pumps, drum and pail unloading systems

Sanitary, food, transfer and washdown hoses, hose accessories and fittings, nozzles and mixing stations

Tanks, silos, vessels and tubular heat exchangers

OAL Group: Steam infusion vaction pump in-tank and in-line cooking systems

Silicone, poly, EPDM, rubber and specialty reinforced hoses, hose assemblies, adapters, sight flow indicators

Ozone generators

VALVES & PARTS

Alfa Laval
APV
Bradford
